Hello Stephanie,

I approve Sandipgiri's project.

Kalpdrum

January 18, 2019

Mr. sandipgiri goswami
Faculty of Science, Engineering & Architecture\Department of Mathematics and Computer Science

Dear Mr. sandipgiri goswami,

Thank you for your recent submission to the Research Ethics Board (REB).

Please note that all consent form MUST be approved prior to being used. While I appreciate your attempt to demonstrate initiative, it is too early at this point to gain the consent of your participation without first having your project approved.

Secondly, you should include as well you recruitment script - what are you saying to your potential participants about the study to gain their interest to participate.

Can you include an image of what your project might look like? I understand that you are seeking to address software issues, and using sign language and because you are not conducting traditional data collection methods, i.e. surveys, questionnaire, or face-t-face interviews, it might help to demonstrate what your research will entail.

Finally, please upload an email approval from your supervisor. I did get the email but it must also be included with your application for the reviewers to see...

To submit clarifications or revisions, login to the Research Portal. Click Applications: Requiring Attention, revise File No 6017156 as requested, and resubmit. Upon re-submission, your revised application and attachments will be forwarded to REB delegate(s) for review. If clarifications or revisions are outstanding, your application may be returned to you again. If no further clarification or revisions are required, you will be issued a notice of approval and certificate. You will be notified of the review outcome via email, but you may login to the Research Portal at any time to check the status of your application.

If you have any questions about the REB review and approval process, please contact the REB via 705-675-1151 ext. 3681 or ethics@laurentian.ca. If you encounter any issues when working in the Research Portal, please contact our system administrator via romeo@laurentian.ca.

Sincerely,

Stephanie Harris
